 ISSUE #1: JOGEN CHOUDHURY

জাতিগত চিত্রশিল্পী, who signs simply as 'ZAT', paints in thick loaded brush, pencil, thin marker and charcoal. — over paper I swear I've seen around my house. Texture materializes out of simple strokes and spots

The ornamentation might remind one of *chitrakuta* — alpana — drawn over doors in Bengal — taking over streetsides, walls every paintable surface during the *puro*.

This zine is a record of the *জাতিগত চিত্রশিল্পী* exhibit at DHOOIMAL GALLERY, DELHI, 20.5.25
