20 years this week, and as an aspiring padawan rat tail haver, I couldn't help but bring this movie in. Its Oscars week, lets talk about good cinema. Apart from being the most valuable meme goldmine in fandom culture, apart from having adorabley strange dialogue (Its over, Anakin, I have the high ground says Obi-wan, while standing on a higher ground, morally and physically), the cultural impact of the movie has been dramatic. Not only did it introduce a whole new generation to Star Wars, it also added to the cannon memorable characters who displayed a unique depth unseen in earlier movies. Easter eggs and references to comics and books make it an even more enjoyable ride for the nerds (I

eggs. Then't realise it's too much chilli oil. So I add another egg. Then I add N. another slice of bread to balance it out. All of a sudden, there's too much going on for the chilli oil to be able to shine. So I add more chilli oil. Egg. Bread. Then bread. Chilli oil. Egg. Then I make coffee to break the pattern. Coffee with more sugar than I like because caffeine jitters are worse than sugar jitters. JITTERS. Beautiful name for a little dog. Anyway, now I have too much food to finish by myself. I'm afraid I'll never be able to enjoy chilli oil what is enough. Same applies to sugar standard what is enough. Same applies to sugar sadd to finish by myself.
